

Rural development through integrated forest and water resources management in Southeast Europe (LEIWW)

11th Stakeholder Group Meeting
Cross-border region of Prespa
October 2015

Elena Gavrilova, Advisor
Benjamin Mohr, Team Leader

- The programme with a duration of 3 years (2015-2017)
 - is commissioned by the German Federal Ministry for Economic Cooperation and Development (BMZ)
 - Is a cooperation between SWG and GIZ aiming to build capacities for rural development, sustainable forest and water resource management
 - targets 6 countries in South-East-Europe: Albania, Bosnia and Herzegovina, Kosovo*, Former Yugoslav Republic of Macedonia, Montenegro and Serbia
 - works on regional, national and local level in the Area Based Development (ABD) cross-border regions
 - Lead executing agencies are the Ministries of Agriculture, through their membership in the SWG

*This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo Declaration of Independence.

- The three central fields of activity are:
 1. Improving coordination between the environment, forestry, water and rural development/agriculture sectors
 - Contribution to multi-stakeholder, regional strategy processes
 - Promotion of regional cooperation, exchange and learning

*This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo Declaration of Independence.

- The three central fields of activity are:
 2. Integrating environmental objectives in rural development and agricultural policies
 - Policy analysis and evidence-based policy recommendations to incorporate environmental objectives in national policies
 - Advisory services on the harmonization of agricultural and rural development policies with the EU Acquis

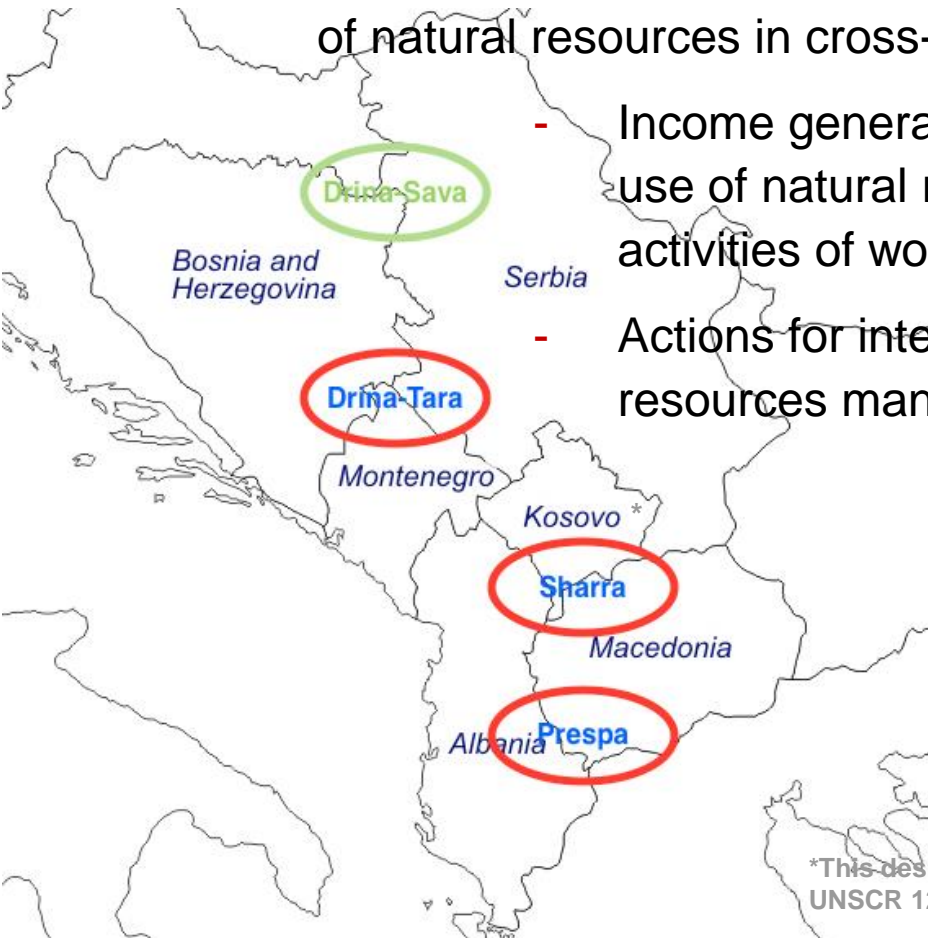

*This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo Declaration of Independence.

- The three central fields of activity are:
 3. a) Planning of integrated forest and water management approaches in cross-border regions
 - b) Income generation and diversification based on the use of natural resources in cross-border regions

- Income generation through the sustainable use of natural resources, including economic activities of women
- Actions for integrated water and forest resources management

*This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo Declaration of Independence.

The challenge of the inception phase is:

- ...to develop a inclusive programme strategy, responding to the needs and demands of:
 - Local realities in cross-border-regions
 - National priorities
 - Regional strategies
- ... to use and add value to existing structures and processes
 - Formats and structures of SWG (Assembly, Agricultural Policy Forum, Ministerial Meetings, Expert Advisory Working Groups)
 - The Area Based Development (ABD) approach:
 - The Stakeholder groups (SHG) from cross-border-regions
 - The ABD cross border development plans
 - The grant scheme
 - Capacity building
 - People-to-People actions
 - Promotion of regions and regional products
- Facilitation of policy dialogue between the local, regional and national level

*This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo Declaration of Independence.

Sketch of the inception phase:
